

SAFETY DATA SHEET

NEO-SENSITABS™

Section 1: Identification of the Substance/Mixture and of the Company/Undertaking

1.1 Product Identification

Neo-Sensitabs

1.2 Relevant identified uses of the substance or mixture and uses advised against

In vitro laboratory use

1.3 Details of the supplier of the safety data sheet

Rosco Diagnostica ApS

Stensmosevej 24A

DK-2620 Albertslund

Denmark

Tel: (+45) 93 40 65 65

www.rosco-diagnostica.com

info@rosco-diagnostica.com

1.4 Emergency telephone number

(+45) 93 40 65 65

Section 2: Hazards Identification

2.1 Classification of the substance or mixture

Not applicable as the product is not classified as hazardous according to regulation (EC) No 1272/2008.

2.2 Label elements

According to EU-directives and Danish legislation, the product needs no label.

2.3 Other hazards

No information available

Section 3: Composition/Information on Ingredients

Contains: Barium sulphate, Potato Starch, Povidone (Ph.Eur.), Magnesium Stearate, Talcum, Colour (Chromophthal yellow, CAS 5580-57-4) and active substance

% w/w	Name	CAS-no	EINECS/ELINCS
<1	Active substance	*	* R42/43

*Neo-Sensitabs contains active substances that differs (please see the label for exact substance name). Worst-case classification of the active substance is R42/43.

Wording of R-phrases – see section 16.

Section 4: First-Aid Measures

4.1 Description of first aid measures

Inhalation	Unlikely route of exposure. If accident occurs, move the affected person to fresh air. If symptoms persists, seek medical advice.
Skin contact	Remove contaminated clothing. Wash skin with water and mild soap.

SAFETY DATA SHEET

	If irritation persists, seek medical attention.
Eye contact	Flush with water or physiological salt water for at least 5 minutes. If irritation persists seek medical attention.
Ingestion	Rinse mouth and drink plenty of water. In case of discomfort, seek medical attention.

4.2 Most important symptoms and effects, both acute and delayed

See section 11.

4.3 Indication of any immediate medical attention and special treatment needed

No information available

Section 5: Fire-Fighting Measures

5.1 Extinguishing media

Use extinguishing media that are appropriate to circumstances and the surrounding environment, ex. carbon dioxide (CO₂), dry chemical, sand, foam or water fog. Do not use water jet.

5.2 Special hazards arising from the substance or mixture.

In case of fire, the products may form hazardous decomposition such as oxides of carbon.

5.3 Advice for firefighters

When entering burning area wear self-contained breathing apparatus.

5.4 Other information

Do not breathe smoke fumes.

Section 6: Accidental Release Measures

6.1 Personal precautions, protective equipment and emergency procedures

Use personal protective equipment.

6.2 Environmental precautions

Do not empty into drain. Inform appropriate authorities in accordance with local regulations.

6.3 Methods and material for containment and cleaning up

Take up with wet paper. Clean with water. Further handling of spillage.

6.4 Reference to other sections

Refer to protective measures listed in sections 8, 12 and 13

Section 7: Handling and Storage

7.1 Precautions for safe handling

Wash hands before and immediately after handling the product.

7.2 Conditions for safe storage, including any incompatibilities

Store in a well-closed original package. Keep dry and at room temperature. Keep protected from direct light and avoid high humidity.

7.3 Specific end use(s)

Use in laboratory.

Section 8: Exposure Controls/Personal Protection

8.1 Control parameters

This product does not contain substances with occupational exposure limit values.

8.2 Exposure controls

SAFETY DATA SHEET

Appropriate measures

General practice of industrial hygiene. Avoid breathing dust.

Personal Protective Equipment

Respiratory protection:

Normally not necessary if working in fume cupboard.

Skin protection:

Wear protective gloves of e.g. butyl rubber or nitrile rubber. It has not been possible to find data for breakthrough time, so it must be recommended to change the glove if spilled on it.

Eye protection:

Wear tight fitting safety goggles when risk of eye contact.

Environmental exposure controls:

No information available.

9: Physical and Chemical Properties

9.1 Information on basic physical and chemical properties

a) Appearance	Light yellow tablet (9mm in diameter)
b) Odour:	Odourless
c) Odour threshold	Not applicable as product is odourless
d) pH	No available data
e) Melting point/freezing point	No available data
f) Initial boiling point and boiling range	No available data
g) Flash point	No available data
h) Evaporation rate	No available data
i) Flammability (solid,gas)	No available data
j) Upper/lower flammability or explosive limits	No available data
k) Vapour pressure	No available data
l) Vapour density	No available data
m) Relative density (g/ml) v/25° C: -	No available data
n) Water solubility:	Miscible (soluble in strong alkalines)
o) Partition coefficient	No available data
p) Auto-ignition temperature	No available data
q) Decomposition temperature	No available data
r) Viscosity	No available data
s) Explosive properties	No available data
t) Oxidising properties	No available data

9.2 Other information

10: Stability and Reactivity

10.1 Reactivity

No specific test data related to reactivity available for this product.

10.2 Chemical Stability

Stable under the recommended storage conditions (see section 7).

10.3 Possibility of hazardous reactions

No hazardous reaction when handled and stored according to provisions.

SAFETY DATA SHEET

10.4 Conditions to avoid

Avoid high humidity.

10.5 Incompatible materials

No known incompatibilities.

10.6 Hazardous decomposition products

When heated to high temperatures (decomposition) it emits toxic fumes such as oxides of carbon.

11: Toxicological Information

11.1 Information on toxicological effects acute toxicity

Inhalation Unlikely route of exposure. Dust may cause irritation to the airways.

Skin May cause irritation.

Eyes May cause irritation with redness.

Ingestion May irritate the mucous membranes.

Skin corrosion/irritation

No available data

Serious eye damage/irritation

No available data

Respiratory or skin sensitization

No available data

Germ cell mutagenicity

No available data

Carcinogenicity

There are no known carcinogenic chemicals in this product.

Reproductive toxicity

No available data

STOT-single exposure (specific måleorgantoksicitet – enkelt eksponering)

No available data

STOT-repeated exposure

No available data

Aspiration hazard

No available data

Additional information

Prolonged or frequent contact or inhalation can cause eczema and inflammation of the skin and airways.

12: Ecological Information

12.1 Toxicity

No available data

12.2 Persistence and degradability

No available data

12.3 Bioaccumulative potential

No available data

12.4 Mobility in soil

Soluble in water and good mobility in the aquatic systems is expected.

12.5 Results of PBT and vPvB assessment

This product is not persistent, bioaccumulating nor toxic (PBT).

SAFETY DATA SHEET

12.6 Other adverse effects

No available data.

13: Disposal Considerations

13.1 Waste treatment measures

Comply with national and local regulations. The preparation is not to be considered as hazardous waste.

European Waste Catalogue (EWC) - 16 05 09

14: Transport Information

14.1 UN number

Not applicable

14.2 UN proper shipping name

ADR/RID: Not dangerous goods

IMDG: Not dangerous goods

IATA: Not dangerous goods

14.3 Transport hazard class (es)

Not applicable

14.4 Packing group

Not applicable

14.5 Environmental hazards

Not applicable

14.6 Special precautions for user

No special precautions required

14.7 Transport for bulk according to Annex II of MARPOL and the IBC Code

Not applicable

15: Regulatory Information

15.1 Safety, health and environmental regulations/legislation specific for the substance or mixture

This safety data sheet complies with the requirements of Regulation (EU) 1907/2006.

15.2 Chemical Safety Assessment

A Chemical Safety Assessment (CSA) is not required.

16: Other Information

Training Advice

The product should only be handled by trained laboratory personnel.

Abbreviation

STOT – Specific Target Organ Toxicity

PBT – Persistent, Bioaccumulative, Toxic

vPvB – very Persistent; very Bioaccumulative

Additional information

The information provided on this Safety Data Sheet is correct to the best of our knowledge. The information given is intended only as a guide for safe handling, storage, processing, transport and disposal and is not to be considered as a warranty or quality specification. The information relates only to the specific product and cannot be used in combination with other products unless specified.
